I'm still getting a significant number of neighbor questions generated by some misinformation about the new Civic Building project. So, in order to clear up any confusion or concerns:

IS THE NEW CIVIC BUILDING GOING TO RAISE MY PROPERTY TAXES?

NO!

Mayor and Council heard the residents of Carlton loud and clear that they do not want a property tax increase; there is NO intention to attempt a property tax bond to fund this new building.

Mayor, Council and staff are looking for grants, traditional fundraising, and private fundraising to finance the building; **NONE OF THOSE WILL IMPACT YOUR PROPERTY TAXES.**

If you have questions, please don't hesitate to contact me.
