

City Community Updates

Public Works

Water/Sewer

- We had 1 water leak that required repair this week.
- Paving for the sewer line repair at 131 S. Pine and Highway 47 may occur this week.

Parks/Streets

- Look for updated signs in our city parks & on our streets encouraging safe access and complete stopping at intersections.
- While enjoying your parks, please keep in mind:
 - ❖ Parks are open dawn to dusk.
 - ❖ Minimize litter in the park. Pack it in, Pack it out.
 - ❖ Leave no trace of pet waste. Use the garbage cans and pet waste stations, and
 - ❖ Pet parents, please use a leash or other means to keep your 4-legged friends under control and from interfering with another person's (or canine's) enjoyment of the park.

Remember: If you see it, please report it.

***Code Enforcement – Potholes – Mowing – Comments -
Concerns – Use the Contact Us on the City's webpage***

Police

- Please feel free to stop and say hello when we are briefing in Ladd Park!
- May is Wildfire Awareness Month (Yamhill County Alerts)

Being prepared starts with an emergency plan and building an emergency kit or go bag that can be grabbed in a hurry. Knowing where to go in case of evacuation, emergency plans are more effective when they are practiced with household members.

Here is a great resource to learn more about planning and building kits:

[Prepare! A Resource Guide](#)
[Preparese! Una Guía de Recursos](#)

It is also important to be familiar with “Ready, Set, Go” – a statewide evacuation system used to notify communities facing a threat, or potential threat, to lives and property. You can sign up for emergency alerts by going to Yamhill County Emergency Management’s website, or by clicking here, [Yamhill County Alerts](#).

The “Ready, Set, Go” evacuation levels are as follows:

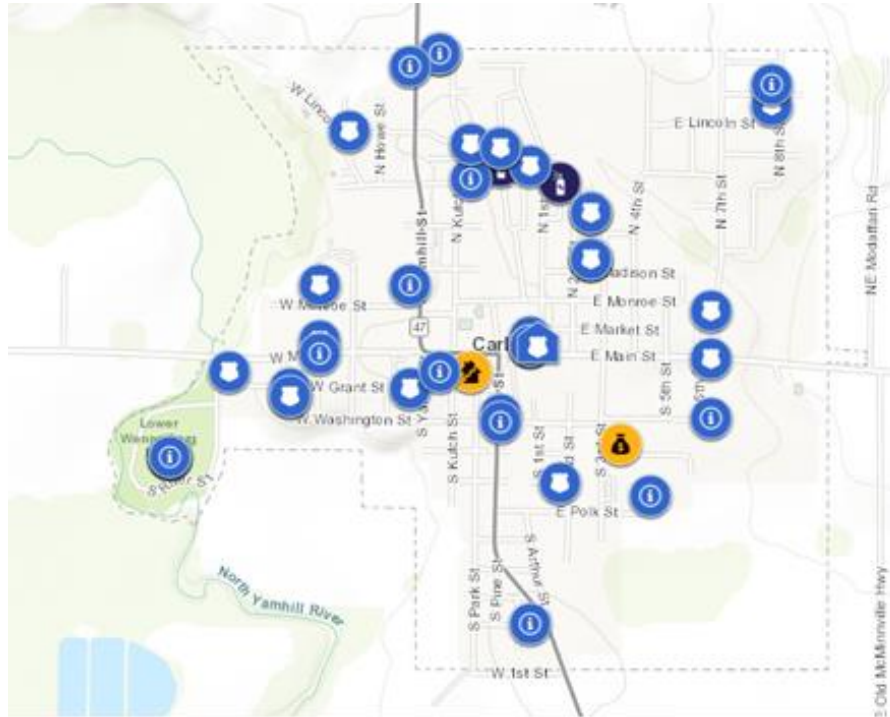

- Level 1 Evacuation means “BE READY” for potential evacuation. Community members should be aware of the danger that exists in their area and monitor emergency services websites and local media outlets for information. *This is the time for preparation and precautionary movement of persons with special needs, and in some cases, pets and livestock.*
- Level 2 Evacuation means “BE SET” to evacuate. Oregonians should be ready to leave at a moment’s notice, as this level indicates there is significant danger to the area. The public should be prepared to voluntarily relocate to a shelter or with family or friends outside of the affected area. They may have time to gather necessary items but doing so is at their own risk.
- Level 3 Evacuation means “GO.” Leave immediately! Danger to the area is current or imminent. If a person chooses to ignore this advisement, emergency services may not be available to offer further assistance. People should not stop to gather any belongings or make efforts to protect their home or shelter.

[Prepare Your Home for Wildfires](#)

And, what we do around the exterior of our homes can improve your home’s survivability during a wildfire. Reducing fuels in the “immediate zone,” zero to five feet, can prevent embers from igniting on, or near your home.

- Demolition of the Vehicle Building has begun, and the old building is gone!

- High School graduation is 6/6/2021. Senior parade will be going through town at 8 to 8:30ish

➤ New maintenance gate installed on the Northside of the pool with privacy slats

The City is planning a possible smaller opening driven by the guidelines and insurance carrier approval. If the County cannot go to **LOW Risk**, the pool **will not open**. There will be **no** pool passes sold this year due to the gathering restrictions.
