Public Works

Water/Sewer

- The Meadowlake transmission line project has completed over 10,000 feet of replacement line
 - This project will replace over 15,500 feet of water transmission pipeline. Trenchline Excavation is doing the project. The City received a grant for \$7,150,000 for this project which was to cover all aspects of the work including engineering, permitting, construction and change orders. The City is also entering an agreement with Yamhill County to share a portion of the paving cost for the project.

Construction

- JR Meadows will be doing a Storm Drainage test July 30th.
- Sidewalk replacement on Monroe St. slated for the end of July.

Fire Safety

City crews will be continuing to work in parks and rights-of-way – and County crews on the rail corridor - to cut vegetation to reduce fire risk.

Please assist us by keeping your property, as well as, the landscape strip between your property and road, trimmed.
