

City Community Updates

Thank you for conserving! Water usage is down from last year.

Public Works

Water/Sewer

- The Meadowlake transmission line project is on schedule has completed over 14,000 feet of replacement line and we are on schedule to finish in November 2021.
 - This project will replace the water transmission pipeline. Trenchline Excavation is doing the project. The City received a grant for \$7,150,000 for this project which was to cover all aspects of the work including engineering, permitting, construction and change orders. The City is also entering an agreement with Yamhill County to share a portion of the paving cost for the project.
- The Panther Creek dredging project has begun! They have begun building the silt filters on Weyerhaeuser land.
- Two water leaks repaired this week.

Construction & Parks

- JR Meadows 2 is in the land clearing phase
- It's great to see so much enjoyment of our City parks this year!

CITY OF CARLTON TO RECEIVE \$5.8 MILLION FROM HB5006 FOR WASTEWATER TREATMENT PLANT UPGRADES

In partnership with Representative Ron Noble, House District 24, the City of Carlton expects to receive \$5.8 million towards the required wastewater plant upgrades.

“This is a great example of how our state legislators support their districts” said Mayor Watkins. “Especially for our state’s small, rural cities, when major infrastructure projects are required, the cities don’t have the income to pay for projects that run into the millions. We have to raise service rates on our already financially stretched citizens or find alternative sources...or both.”

The total estimated cost for all the necessary wastewater plant upgrades is \$6.8 million. The City of Carlton studied their utility rates and citizens had sustained substantial rate increases over the last three years.

“As a result of Representative Ron Noble’s dedicated support and partnership to secure \$5.8 million dollars for the upgrade of Carlton’s wastewater treatment facility, we are able to provide our residents with high quality and reliable wastewater treatment infrastructure for many years to come,” said Council-President Ward-Mullen. “We are most grateful for his efforts on our behalf.”

The funding from HB5006 will not only allow the City to complete the significant required wastewater plant upgrades, but will also allow them to reexamine their utility rates and consider other needed infrastructure projects to protect the health of the City’s essential water and wastewater services.

For additional comments, concerns or questions, please contact City Hall at (503) 852-7575.

Fire Safety

City crews will be continuing to work in parks and rights-of-way – and County crews on the rail corridor - to cut vegetation to reduce fire risk.

Please assist us by keeping your property, as well as, the landscape strip between your property and road, trimmed.

Officer Micah Steeves stops and chats with Ray and his White Lab, Finnley, during a downtown foot patrol

Free Bottles of Cold Water at City Hall and in Front of Carlton Police Department

The City of Carlton and the Carlton Police Department are encouraging the citizens of Carlton to buddy up with our most vulnerable and at risk citizens over the next few days to help ensure their safety throughout the upcoming heatwave. If you know of someone that needs to be checked on please call the City of Carlton at 503-852-7575 for non-emergency welfare checks, for emergencies contact 911.

The Carlton Police Department will be conducting safety checks on at risk citizens that are reported to the City in addition to at risk individuals that they are already aware of. You may also call Chief Martinez at 503-852-3805 or 971-241-9152 and leave a message, if for some reason he doesn't answer he will return your call in a timely manner.

Carlton City Hall and the Carlton Police Department have placed coolers with iced bottles of water in several locations around city hall and the police department. These waters are free to the public and everyone is encouraged to take one per person unless otherwise necessary to take more for safety reasons.

If anyone has safety concerns about someone in our community and would like us to check on them please contact Chief Martinez at 503-852-3805 or 971-241-9152 for non-emergency welfare checks and leave a message and for emergencies call 911.

The locations are as follows:

- Front lobby of city hall
- Styrofoam coolers spread out in front of police department on sidewalk, please help yourselves.

(The free water will be available through Sunday, August 15th)

Everyone stay safe and cool!

From the staff at Carlton City Hall and the Carlton Police Department; "take care, stay safe and let us all as a community join in keeping everyone safe during the next several days of extreme heat."

Check on the **elderly**, or people aged 65 years or older, to make sure they are safe by staying cool, hydrated, and informed.

People with a chronic medical condition are less likely to sense and respond to changes in temperature. Also, they may be taking medications that can intensify the effects of extreme heat.

During an extreme heat event, check on at-risk friends, family, and neighbors at least twice a day. Encourage them to:

- Check on a friend or neighbor, and have someone do the same for you.
- Avoid using the stove or oven to cook.
- Wear loose, lightweight, light-colored clothing.

WHO NEEDS SPECIAL CARE?

The elderly, people with a chronic medical condition, children, homeless or poor, outdoor workers, and athletes are most at-risk to heat sickness.

Most cities offer cooling centers or other air-conditioned shelter to the **homeless or poor** during times of extreme heat.

Never leave **infants or children** in a parked car.

Nor should **pets** be left in parked cars—they can suffer heat sickness too.

Athletes and people who exercise in extreme heat are more likely to become dehydrated and are more likely to get heat sickness.

- Limit outdoor activity, especially mid-day when it is the hottest part of the day.
- Schedule workouts and practices earlier or later in the day to avoid mid-day heat.
- Pace activity. Start activities slowly and pick up the pace gradually.
- Drink from two to four cups of water every hour while exercising. Muscle cramping may be an early sign of heat sickness.

STOP

all activity and get to a cool environment if you feel faint or weak.

People who work outdoors are more likely to become dehydrated and are more likely to get heat sickness.

- Drink from two to four cups of water every hour while working. Don't wait until you are thirsty to drink.
- Avoid alcohol or liquids containing large amounts of sugar.
- Wear and reapply sunscreen as indicated on the package.
- Ask if tasks can be scheduled for earlier or later in the day to avoid midday heat.

Practice Heat Safety to Beat The Heat!

Stay Hydrated

- Drink water throughout the day to stay hydrated, even if you do not feel thirsty.
- Avoid beverages containing caffeine & alcohol.

Look Before You Lock!

- ALWAYS check the back seat of your car for kids, pets, & vulnerable adults before exiting your vehicle.
- Temperatures inside cars can become dangerous quickly.

Outdoor Safety

- Avoid strenuous outdoor activities, during extreme heat.
- Take frequent breaks in a cool, shaded area.
- Use sunscreen & wear light clothing.
- Visit places with air conditioning for relief from heat; such as Libraries, Community Centers, Shopping malls.

Safety Check

- Check yourself, family members, & neighbors for signs of heat-related illness, including: dizziness, weakness, nausea, vomiting, fainting, & muscle cramps.

Finance-Administration-Planning

Planning

- JR2 continuance for multi-family scheduled for the August 16 Planning meeting
- Update city street tree list is also on regular August Agenda
- 2 Pre-Applications conference meetings scheduled

Events

- High School fall sports starting Monday, August 16
- YCES has its school supply list posted- check their website or Facebook page

Finance/Administration

- Our annual independent audit is being conducted
- We are completing two workmen's compensation audits

Last day for the pool is September 5th

PUBLIC SWIM HOURS OF OPERATION

Sunday through Friday: 11 AM — 2 PM & 3 - 6 PM

Saturday: 11 AM — 2 PM, 3—6 PM & 7—9 PM

Swim lessons, pool reservations, family swim, swim club, lap and teen swim **will not** be held this summer. Pool passes will also not be offered. We are offering a modified pool schedule to maintain a high level of health and safety protocols.

Thank you for your understanding.

- The diving board is offline and is to be replaced after the season is concluded.

STATE OF OREGON
Office of the Governor
KATE BROWN

Oregon Indoor Mask Requirement, effective Friday, August 13

- Goal of indoor mask requirement is to limit the spread of the Delta variant as much as possible indoors, where COVID-19 spreads more easily. The requirement works in combination with efforts to encourage more Oregonians to become fully vaccinated.
- The emphasis of indoor mask requirement is on personal responsibility—we are asking Oregonians to make a commitment to protect those around you by wearing a mask. We are also asking Oregonians to be kind and considerate of others and to treat store employees and others with respect: they are asking you to wear a mask to save lives.
- Applies to adults and children older than 5. On public transit, also includes children older than 2. This aligns with Multnomah County mask requirements.
- Applies broadly to people in all indoor public spaces. (Masks are still strongly encouraged in crowded outdoor situations.)
- Common sense exemptions apply for activities that would be impractical or impossible wearing a mask, for example: eating and drinking; swimming and organized, competitive sports; performances involving singing or speaking in public.
 - In these cases, OHA recommends strongly that participants be fully vaccinated if eligible.
 - Similar to exemptions in recently-adopted mask requirements in Nevada, Louisiana, and Washington, DC.
- Oregon OSHA will have a role in enforcement for employers and employees, with an education-first approach: OSHA will work with employers who are making an effort to comply and won't conduct inspections or issue fines immediately as businesses implement masking protocols, including the necessary signage.
