As we all begin to enjoy the cooler temperatures and a little bit of rain, the link below offers tips for Fall Weather Hazards

## Public Works

### **Meadowlake Transmission line**

Approximately 25,800 feet of new mainline has been installed on the Meadow lake transmission line project. Project on schedule to finish in November/December.

This project will replace 32,435 feet (6.14 miles) of water transmission pipeline. Trenchline Excavation is doing the project. The City received a grant for \$7,150,000 for this project which was to cover all aspects of the work including engineering, permitting, construction and change orders.

### ➤ Hawn Creek Pump Station Improvements

These improvements will upgrade and expand the Hawn Creek pump station. The upgrades will accommodate a peak hour flow of approximately 1,690 gallons per minute. They will also include new submersible pumps, new wetwell, new controls, new standby power, site improvements, and street frontage improvements and upsize and replace approximately 220 feet of gravity sewer line.

Moore Construction was awarded the project at the September 7 Council meeting. The \$1,249,681.00 project was budgeted in the Capital Improvement Fund and will be paid for by grant funds.

- The upgrades for the lagoons sewer treatment is 30% complete in the engineering design and is anticipated to be bid out in summer of 2022.

- The sidewalk project on Monroe Street is underway.

- THANK YOU for conserving our water! Water usage is way down in town this year for the month of September.

## 9-11 Memorial Ceremony

Carlton Police Department, Carlton Fire, Yamhill Fire and American Legion Personnel attended the memorial that was hosted by American Legion Memorial Post 173.

## **Carlton PD makes two DUII arrests that were over 2 x's and 3 x's the .08 limit in two-week period**

On Thursday, September 16, 2021 at approximately 10:14 p.m., Officer Jake Blair conducted a traffic stop on a vehicle that was associated with a verbal domestic disturbance where the driver was believed to be intoxicated. Upon completion of Officer Blair's investigation, the driver was determined to be 2 times over the .08 limit and was subsequently arrested for driving under the influence of intoxicants.

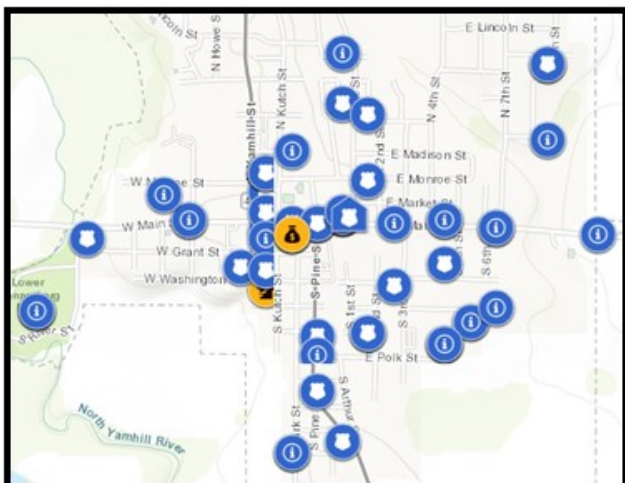

Arrested for DUII was Carlton resident, 21-year-old Phillip Antonyuk.

Two weeks earlier another 21-year-old Carlton resident was arrested for being 3 times over the .08 limit and driving while suspended (misdemeanor) which was the result of another recent previous DUII arrest.

The Carlton Police Department recently received several traffic safety related grants from the Oregon Department of Transportation (ODOT). Part of these grants include addressing additional patrols related to DUII investigations. The additional grants target distracted drivers, pedestrian safety and speeding.

Carlton Police Department would like to take this opportunity to ask citizens to aid in addressing the traffic and pedestrian safety enhancement efforts by doing their part to practice safety at all times by their example, report unsafe traffic or pedestrian conditions and intervening in cases where someone may choose drive while under the influence or using a device that distracts a driver while driving.

If you have any questions or would like to report any safety concerns, please contact Chief Kevin Martinez at [kmartinez@ci.carlton.or.us](mailto:kmartinez@ci.carlton.or.us) or call 503-852-3805.

## Finance-Administration-Planning

### Launch of Financial Portal: [Financial Portal | City of Carlton Oregon](#)

The financial portal provides a transparent view into how the City balances its revenues and expenditures. This is an interactive reporting tool that allows the public to explore City Financial data online in various, easy-to-use graphical formats selected by the user and download graphs and numbers.

Each year, following budget approval, a new year of data will be added, giving the public a rolling snapshot of revenue and expenditure trends. These trends will be available by department, fund, or line item.

To learn how to use the tool, review the How-to-Guide, or use the Help Menu within the tool for further explanation. Data is updated daily.

We will continue to add more reports, so please come back as the portal grows.
