## Theft Prevention

### CRIME PREVENTION PROGRAMS

#### Lock It Or Lose It Prevention Program

The Carlton, Oregon Police Department has adopted a new program entitled, "**LOCK IT or LOSE IT**". The intent of the program is to promote awareness in hopes of eliminating thefts from automobiles occurring in the City of Carlton and surrounding area. The Carlton Police Department, as do all law enforcement agencies across the country, periodically conduct theft investigations from vehicles that seem to come in waves throughout certain periods of the year. Many of the thefts are from vehicles that were left unlocked. Items taken in these quickly committed crimes range from spare change to wallets, personal/business documents, electronics, and firearms

In most, if not all instances, these crimes can be prevented by simply locking car doors, assuring all the windows are completely shut, removing all valuable items or what might be perceived as containing valuables such as backpacks or other bags, keeping change and charging cords out of sight, and NEVER leave keys inside the vehicle.

Getting in the mindset of locking doors to your home, garages, and vehicles is the first step of minimizing the chance of becoming a crime victim.
