

City Community Updates

The USFWS is exploring additional public uses at Wapato Lake NWR, and you can help. On December 1st, a DRAFT Public Access Plan & Environmental Assessment document will be shared with the public that describes alternatives of how additional public uses, such as wildlife observation,

photography and hiking can occur on this public land. Please check back on our website fws.gov/refuge/wapato_lake after December 1st to access and review the draft plans. This review period runs from December 1st – January 15th and your feedback on the document is important and greatly appreciated as we continue to develop this significant community resource. To submit comments: email tualatinriver@fws.gov or mail a letter to 19255 SW Pacific Hwy, Sherwood, OR 97140

Public Works

Meadowlake Transmission Line

Trenchline Excavation has replaced 32,435 feet (6.14 miles) of water transmission pipeline.

Approximately 7,390 feet of pavement striping along Meadowlake road has been completed. The remaining project items, like water service

installation, are scheduled to finish in November/December.

Meadow Lake transmission line, the two overland sections of pipe have been installed next week we are looking at hooking the both sections and testing then that will take care of all scheduled pipe replacement. The City received a grant for \$7,150,000 for this project which was to cover all aspects of the work including engineering, permitting, construction and change orders.

Please remember to turn off your outside sprinkler systems

At-Risk Citizen Check-In Program

The Carlton Police Department and the City of Carlton are asking citizens to let us know about potential at-risk citizens within the city limits of Carlton that may be impacted by power outages, weather or other extreme conditions that may place them in harms way if not checked on. At-Risk citizens will be placed on a list that Carlton Police Officers and/or staff members will use to check in on them. (This program is pending the development of a sign-up/release liability form and webpage)

Theft Prevention Safety Tips

This is the time of year L/E and communities see an increase in theft crimes. These thefts often occur during the early morning hours between 2 a.m. and 5 a.m. The Carlton Police Department would like to share the following

prevention information regarding our "LOCK IT or LOSE IT program.

Lock It or Lose It Campaign. The Carlton, Oregon Police Department reminds citizens about its "LOCK IT or LOSE IT" program. The intent of the program is to promote awareness in hopes of eliminating thefts of vehicles as well as property being stolen from automobiles occurring in the City of Carlton and surrounding area.

The Carlton Police Department, as do all law enforcement agencies across the country, periodically conduct theft investigations from vehicles that seem to come in waves throughout certain periods of the year. Many of the thefts are from vehicles that were left unlocked. Items taken in these quickly committed crimes range from spare change to wallets, personal/business documents, electronics, and firearms

In most, if not all instances, these crimes can be prevented by simply locking car doors, assuring all the windows are completely shut, removing all valuable items or what might be perceived as containing valuables such as backpacks or other bags, keeping change and charging cords out of sight, and NEVER leave keys inside the vehicle.

Getting in the mindset of locking doors to your home, garages, and vehicles is the first step of minimizing the chance of becoming a crime victim.

Carlton Police Department has "LOCK IT or LOSE IT" yard signs available for residents to display in their yard if they would like to help encourage a strong community prevention mindset. This program supports the mission of the Carlton Police Department's dedication to the community by proactively solving problems and protecting life and property through education and prevention. "Police & Community Together", can and will make our community safer and more livable.

Please be aware of your surroundings and report any suspicious activity immediately to your local law enforcement agency.

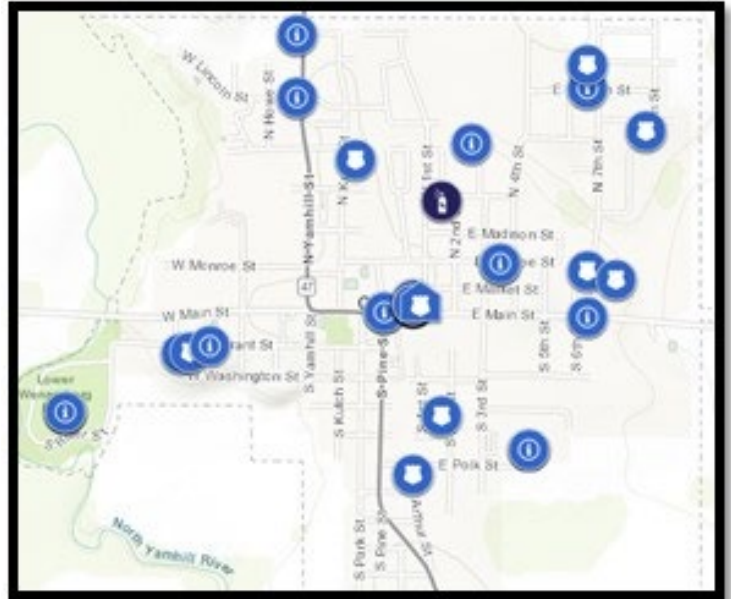

For more information about the "LOCK IT or LOSE IT" program and/or if you would like a sign to place in your yard please feel free to contact the Carlton Police Department at 503-852-3805 or email Chief Martinez at kmartinez@ci.carlton.or.us
