Finance-Administration-Planning

Planning

- No new land use applications submitted this week
- N 4th St Subdivision 22-01 is continued to the November 21st Planning Commission meeting from the October 17th meeting
- Planning Commissioner Vacancy—see website for details:
[Vacancy- Planning Commissioner | City of Carlton Oregon](#)

Parks and Recreation

- Want to be a Lifeguard this next summer? Please contact Aimee Amerson at aamerson@ci.carlton.or.us on how the city can help get you certified and hire you for the summer!
- Stay tuned—Updates are coming to Frisbee Golf at Wennerberg Park!
- The pool is closed for the winter and has been winterized.
- The Hawn Creek Park pavilion is complete and should have lighting later this month.
- Deer and other wildlife have been observed within some of the parks and city limits. We would like to remind you not to approach or feed the wildlife, for the safety of you and the animals.

Public Works

- The water dredging project will be complete on October 31st.
- The Meadowlake transmission line is complete.
- Thank you for the continued water conservation. As a whole community, water usage has continued to decrease.
- Hawn Creek Pump Station is still waiting on parts to complete the project.
- The Public Works crew has completed a flagging course and a course in competent work site personnel. Later next month, they will also be taking a water distribution course.

Construction within the City

- Public Works building grading is complete.
- Brooklyn Heights landscape and driveway work being accomplished this week.
- JR Houses are being constructed and JR-1 apartments are being framed

Updates from ODOT

OR 47: Realignment Project in Carlton

Visit the **online open house** now through Nov. 15! Explore the proposed layout of the realigned OR 47 intersection by intersection. Take a look at how traffic may flow, parking, speed control and how pedestrian and bike safety is prioritized.

Join the discussion with your neighbors at the **upcoming community meeting on Nov. 9 at 6 p.m.** at the Carlton Fire Hall. You can go in person or join virtually.

Virtual Event

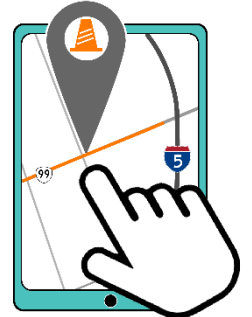

Learn more about the project, visit the online open house and find the upcoming community meeting virtual links on the [project webpage](#).

Curb Ramp Upgrades

Construction update! Our crews are returning to Carlton next week to continue replacing curb ramps, making them ADA accessible.

Crews are working at night – next week we'll be saw cutting to remove existing curb ramps, expect noise but minimal traffic impacts.

See what ramps we're working on in our [interactive project map](#) – these are the ramps we're planning to have done by the end of the year.

Interactive Project Map

For the most up to date information on traffic impacts, visit TripCheck.com.

Code Corner

The City of Carlton has multiple vineyards inside City Limits located within agriculture areas. During harvest season in early fall, the neighbors hear the boom of bird cannons during the daylight hours. If you are new to Carlton, you might not recognize the sound.

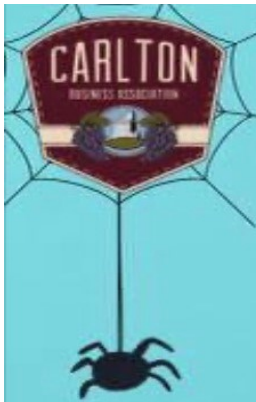

The cannons are used to deter the birds and prevent them from consuming the ripened fruit. The cannon is a sound-emitting device that frightens and disorients the birds and prevents them from eating the grape crop.

- The cannons are typically used a few weeks out of the year depending on the weather and bird pressure.
- The agriculture crops are the primary source of revenue for the landowner
- The cannons are placed shooting away from the residences to minimize the noise as much as possible

After harvest, winemakers will not use the cannons again until next year's harvest season.
