# What's Going On at City Hall?

Some big things are happening at City Hall! We are getting ready to move to our temporary home down at Public Works while the existing City Hall is demoed to make room for the new Civic Center!

On Wednesday, November 30th, crews completed construction of the new communications tower that allows the City to manage our water meter system remotely.

The City Hall staff will begin moving down to Public Works, located at 945 W Grant St (down in lower park) as early as next week!

We are working hard to make these transitions as smooth as possible, and we appreciate your patience while we navigate through all of these changes.

Planning Commissioner vacancy, see link for details and how to apply:
