Carlton Urban Renewal Area

To:

The Members of the Urban Renewal Budget Committee

From: Subject: Chad Olsen, City Manager/Budget Officer Budget Message, FY17 Proposed Budget

Date:

May 8, 2016

Please find attached the City of Carlton Urban Renewal proposed budget for Fiscal Year 2017. The purpose of the budget message is a summary of the next fiscal year's budget proposal and to advise the Carlton Urban Renewal Agency (CURA) and Budget Committee of the District's state of fiscal affairs. The budget document is important for a number of reasons but primarily because it serves as the financial plan to fund the CURA's priorities.

The Carlton City Council passed Ordinance #680 on June 8, 2009 establishing the Carlton Urban Renewal Agency. The Agency is a separate legal entity, with the City Council serving as the Urban Renewal Agency Board of Directors.

The City Council appointed the members of the City of Carlton Budget Committee as the CURA Budget Committee. The City Manager and Finance Director serve as the staff for, and administer, the Carlton Urban Renewal Program.

This FY17 budget reflects the 8th year the Agency will receive property tax revenue from the district. The revenue is derived from increasing property value or new construction within the district. In 2009 the Yamhill County Assessor set the value of the frozen tax base of the district at \$18,785,600. Currently, the total assessed value of the district is \$25,217,325, which represents a \$6,431,725 increase in increment value since 2009 and \$1,985,383 over the prior year.

The FY17 budget anticipates an 8.5% increase in assessed value, which will generate approximately \$104,500 in tax increment revenue for the FY17 budget year. This estimate includes the assumption that 7% of total property taxes levied will not be collected.

The Urban Renewal District was created as a financial tool to address the financial challenges of Carlton's aging downtown commercial business district. The City must address infrastructure problems including a new water transmission line to bring water pressure up to safe fire flow levels, street upgrades, new sidewalks and other public improvements.

As is typical with new UR programs, the District's first five years of revenue growth has been slow. Increases in assessed valuations above the frozen base are typically small in the short-term and increase during the second five year period. This has begun to change during FY16 and will continue to accelerate.

The FY17 Proposed Budget

The FY17 budget will continue focus on completing the 5-year work plan and related funding categories for designated programs such as imminent capital projects, façade improvements, small business development, and property acquisition. The proposed budget completes its contribution to the Pool Development, contributes to the E. Main Street Pedestrian Design Project and reserves \$92,480 for potential projects currently undesignated. If the MLTL IFA loan begins payment then some of these funds will be moved to the debt service category for principal and interest payment.

The Agency contributed a significant portion of its cash reserves in FY16 for the Monroe Street Improvement Project (\$131,138), Upper Wennerberg Park Pool Project (\$150,000 although \$32,500 is anticipate to be paid out in FY17), and its share of the E. Washington paving and stormwater project (\$7,887). The Agency also committed \$1m of its maximum indebtedness to the MLTL Project.

For comments, questions, or concerns, please feel free to contact Chad Olsen, City Manager/Budget Officer at:
